

ANDROID PHONE HANDOVER

SET UP TEST FIX & REPEAT

The phone passes only when the parent completes every core task without prompting.

PARENT / PHONE USER

HELPER

PHONE MODEL

DATE

1 · READY THE PHONE

- ☐ Ringtone is loud and recognisable.
- ☐ Display text, contrast and chosen unlock method work.
- ☐ Home charger and needed internet access work.
- ☐ Contacts appear in the intended account.
- ☐ Device/SIM contact backup was reviewed.

2 · APPS & ANDROID ROLES

- ☐ Needed BIG apps came from official Play listings.
- ☐ BIG Launcher is the default Home app.
- ☐ BIG Phone is the default calling app, if used.
- ☐ BIG SMS is the default messaging app, if used.
- ☐ Permissions and dual-SIM behaviour were tested.

3 · SOS TEST WITH A FAMILY CONTACT

- ☐ Trusted recipients agreed and expect the test.
- ☐ SMS number, text and wait are configured.
- ☐ Location options and permissions match the plan.
- ☐ Call number and wait are configured, if used.
- ☐ Test SMS / location / call arrived as expected.
- ☐ Cancelling during the delay stopped the sequence.

OPTIONAL APPS FOR ADDED SIMPLICITY

Try these when standard alarms or notifications are too small.

- ☐ BIG Alarm: alert dismissed; volume / quiet mode checked.
- ☐ BIG Notifications: alert, action and privacy checked.

4 · PREDICTABLE DAILY SCREEN

- ☐ Only important contacts and apps are prominent.
- ☐ Second screen has the chosen shortcuts or widget.
- ☐ Parent can find another app via Applications.
- ☐ Preferences protection matches the agreed risk.
- ☐ Deletion, Safe Borders and press mode were tested.

5 · PARENT-LED HANDOVER TEST

- ☐ Press Home and return to BIG Launcher.
- ☐ Call a contact; test in-call keypad if needed.
- ☐ Answer a real call with the display locked.
- ☐ Save the caller from Recent Calls.
- ☐ Send SMS; test the real photo/WhatsApp path.
- ☐ Recognise the family message alert while locked.
- ☐ Open every chosen daily app.
- ☐ Open one wrong app, then recover with Back/Home.
- ☐ Lock and unlock the phone.
- ☐ Connect the charger and recognise charging.
- ☐ Restart; repeat Home, incoming call and SMS.

RECHECK AFTER UPDATES OR CHANGES

Repeat after Android/app updates, SIM changes or changed behaviour.

- ☐ Home, calling and messaging defaults
- ☐ Permissions used by enabled features
- ☐ Incoming call with display locked
- ☐ Family message, notification and connectivity
- ☐ Helper route to Preferences
- ☐ SOS if SIM / roles / recipients changed

HANDOVER GATE

If a core task fails, fix it and let the parent repeat it. Do not leave the phone yet.
